### Recent E-Mails

Published in *Untagged* by [admin](#) |

"Thank You's" are a great way of letting your DJ know that he or she was appreciated. However the way we receive them has changed. The most common way has always been with a card in which we had to wait for the photographer to print a picture, place that picture in a card, wait for the client to hand right a message in that card and then wait for the mail carrier. As this process is still common, our e-mails have become more and more popular! So since no one ever sees our e-mails I thought for this week's blog post I would go ahead and put a few recent ones up! By the way we LOVE Thank You's.....

Dear Jamie,

We just wanted to say thank you for providing such an awesome music experience for our wedding on August 7th. As you know, we did not stop dancing the entire night and the song choices were exactly what we envisioned. So many of our guests asked about the DJ and complimented your work. We will be sure to pass along recommendations. Thank you again - we couldn't have asked for a better time!

Sincerely,

Megan and Joe

Hey Jim,

We had an amazing time at our wedding on Saturday - thank you for playing great music all the way through! You were a wonderful host and MC and we hope to have a reason to use you guys again soon! Thanks again and good luck with school.

All the best and lots of thanks,

Michael & Alexandra

Jamie,

Thank you so much for yesterday! You and your staff did an amazing job! We can't say enough good things about you. Everyone loved the music and you did a great job getting people out dancing and making sure that they enjoyed themselves.

Thank you so much again, we had a great time!!!!

Amy & Chris

My office partner and friend Dave @ [www.movingpicturesllc.com](http://www.movingpicturesllc.com) was with us for this one as well!

Here is a look at the edit he showed during dinner!

[Wedding - Trump National](#)

Published in [trump national](#) , [ricky restiano](#) , [moving pictures](#) by [admin](#) | For this wedding we had our hybrid package: DJ with percussion, saxophone and guitar! What a great sound! our setup also included the plasma screens, lights with custom gobos and room uplighting. Check out the "Red" room lights! This is a sure way to make sure your wedding will not be "Trumped"

## Peter & Patty's July 4th

### Wedding

Published in *Untagged* by [admin](#) |

As the weekend sky illuminated with fireworks, so did out dance floor Sunday night at the Surf Club in New Rochelle. Patty and Peter are truly fun and they both love to dance. As did there friends and family all night!

What a great couple to work for....we had alot of fun!

The setup on Sunday was pretty cool to...surround sound, screens and lighting!!!

## June 25, 2010 - BOZZI Wedding

Published in *Untagged* by [admin](#) |

Ok so Anthony and Jillian Bozzi came to me because they wanted to have an incredible party.....and ...we gave them just what they wanted! Last Friday night at the Greentree is were the festivities took place, and it was a blast! Here is a taste of the party! By the way working with friends is always great and last Friday we had the opportunity to work along side my office partner and friend [Dave from Moving Pictures Video](#) .
